

# Cold Gold Diamond

Blitzen Trapper

Startin' with one let's count to the middle  
Your mouth's too big  
Your head's too little

The doorknob's gone  
We can't get in  
Locked outside just breathin' in oxygen again

Yeah your white-hot got your no-o-o-o  
Young urine  
You're like lover a let's make the show-o-o

Shi-i-i-iverin'  
Yeah it's the cold kids comin'  
The cold kids comin'

Shi-i-i-iverin'  
You're just a cold gold diamond  
A cold gold diamond

Game show, game show  
Let the wheel spin  
Life is a monkey with a radio winnin'

The sun comes up  
The sun goes down  
In out up down stars go 'round and 'round and 'round

Yeah your white-hot got your no-o-o-o  
Young urine  
You're like a lover that's ready to go-o-o

Okay so radio yeah  
The words are just to dice the sound

Shi-i-i-iverin'  
Yeah it's the cold kids comin'  
The cold kids comin'

Shi-i-i-iverin'  
Yeah it's a cold gold diamond  
A cold gold diamond

Startin' with ten let's count to the nothin'  
We'll keep on countin' 'til we run into somethin'

Sticks and stones  
Say you love bones

Goat boat, don't boat  
Your government loans  
They're gonna catch you with your shirt off in a skin-free zone

(No)  
(No)

Okay so radio yeah

The words are just to dice the sou-ou-ou-ound  
Looks like they're gonna put us on the merry-go-'round

Shi-i-i-iverin'  
Yeah it's the cold kids comin'  
Got your cold kids comin'

Shi-i-i-iverin'  
You get your cold gold diamond  
A cold gold diamond

Startin' with one let's count to the middle  
Your mouth's too big  
Your head's too little
