

## Dirty Pearls

Blitzen Trapper

Rake the cloths all around the thing  
Gonna try like devil's and stay away  
Reed, Bust a tarp on a broken heart  
Dancing drunk in the neighbor's yard

Words like birds just to drift away  
Your skin likes shootin' underneath the bay  
Million cinders keep your shoulders warm  
Yeah, steal yo' kisses out behind the barn

Chew, Blown like seeds with this dirty girl  
Go fill your mouth with a dirty pearl

Words like birds just to drift away  
Your skin likes shootin' underneath the bay  
Oh, a million cinders keep your shoulders warm  
Steal yo' kisses out behind the barn

Words like birds just to drift away  
Your skin likes shootin' underneath the bay  
You got a million cinders keep your shoulders warm  
Steal yo' kisses out behind the barn
