

# Heart Attack

Blitzen Trapper

Heart attack's comin'  
Got nowhere to resist  
My heart is like a pebble  
Girl you hold in your fist  
You skip it 'cross the water  
Disappears in the mist  
This heart attack is backwards again  
Ooh

Well heart attack's comin'  
Got nowhere to ignore  
This poundin' in my heart  
It's like the drums of war  
I never loved a woman like I loved you before  
This heart attack is backwards again

So call the doctor  
Call the nurse  
I feel my heart's about to burst inside me  
Call the preacher  
Call the priest  
I feel my heart's about to cease inside me  
Yeah

Heart attack's comin'  
Got nowhere to resist  
My heart is like a pebble  
Girl you hold in your fist  
You skip it 'cross the water  
Disappears in the mist  
This heart attack is backwards again

So call the doctor  
Call the nurse  
I feel my heart's about to burst inside me  
Call the preacher  
Call the priest  
I feel my heart's about to cease inside me
