

## Lux & Royal Shopper

Blitzen Trapper

Mechatronic healer is a gentleman's call  
Yeah you're a fuckin' tumblin' cheater and a waste of a star  
So book a fine line heater for a week at the farm  
We're gonna chase, make chase  
We'll chase, chase

A stanky shotty hotty bit her lip in the pool  
Half-a-bottle mister shook your hip on the phone  
Sun is settin' shallow 'cause you'll wind up alone  
Alone, alone, alone, alone

Heart's on the flame  
Growin' colder by the day  
All of the rain  
Yeah we watch it from the plane  
All looks the same  
Now, I've fallen from my feet onto Earth in vain  
To Earth in vain  
To Earth in vain, vain, vain, vain

Lux and royal shopper is the way to the pie  
Lonely monkey mural kiss will keep you a while  
Y'all [?] cougar will climb a couple of miles

Heart's on the flame  
Growin' colder by the day  
All of the rain  
Yeah we watch it from the plane  
All looks the same  
Now, I've fallen from my feet onto Earth in vain  
To Earth in vain  
To Earth in vain, vain, vain, vain
