

The All-Girl Team

Blitzen Trapper

I'm in charge of the all-girl team
'Cause they know just what to do

With the bangers at the back of the school
Lean, hip hands and a cold hard stare
We'll keep the coasters on the guard that they know
Well, I don't settle for cheap, cheap trash
Unless I plan on taking it back home

And when we wait, we wave goodbye
You mean so much, you know so much
And when we play, we take our time
Smell good trippin' days
Is why be lazy girl

I'm in charge of the all-girl team
'Cause they know just how to put on a show
Straw sunglasses and a cowboy hat
Yeah and the outfit is ready to go

Well I fly ball and the crowd goes wild
Yeah everybody knows just what to expect
'Cause the all-girl team isn't messin' around
Yeah and we're havin' lot's of soup

And yet the all-girl team is where you belong
It's where you belong
When you walk through the door
Yeah, the door
Yeah

I'm in charge of the all-girl team
'Cause they know just what to do
Hard-hittin' heavies with hearts of gold
Yeah and they're comin' to your school

And when we wait, we wave goodbye
You mean so much, you know so much
And when we play, we take our time
Smell good trippin' days
Is why be lazy girl

The all-girl team is where you belong
(The all-girl team)
It's where you belong
(It's where you belong)
The all-girl team is where you belong
(The all-girl team)
Yeah It's where you belong
(It's where you belong)
The all-girl team is where you belong
It's where you belong
