

# Motorized Homicide

Blitzkid

Rhea-M comin' outta the sky  
See the horror in our eyes  
Throw the virus into machines  
7 days to stay alive  
Can the people all survive,  
Mechanic killing sprees?

Go! Comet falling down  
Go! Death is all around  
Go! Listen closely to the sound-

Goblin-faced, brutal steel,  
Possessed, ready to kill.  
No one here can be safe.  
Lock your door shut off your lights,  
Don't you go step outside,  
Machines will slash a-up your face.

Go! Comet falling down  
Go! Death is all around  
Go! Listen closely to the sound-

Go! Comet falling down
