

# Reanimated

Blitzkid

Reanimated!  
Here i am,  
her animated piece of flesh for you  
My limbs don't work,  
i fall down I dont know what to do.

Who, what, where,  
and how am i looking through these swollen eyes?  
I did my time I went to die!

The dead we sleep so silent  
Underneath the grassy ground.  
Laid to rest we make no sound.  
Along comes your ambition.  
You bring us back to life.  
Born again into your strife.

I dont want to live again.  
(never in your world).  
I dont want to breathe again  
(never in your world)  
Don't want to see all the light  
(stinging from above)  
Don't want my dead skin to feel...artificial love.

Reanimated!  
Confiscated!  
Continuated!  
Reprobated!
