

Lean

Bloc Party

We took a room down by the sea
Where one day at a time we learnt to be free
I don't belong to you and you don't belong to me
It's easy
Stay easy, stay lean

If you really want to do this then come correct
Keep telling me stories and I'll keep making you laugh
I don't belong to you and you don't belong to me
It's easy
Stay easy, stay lean

There ain't nothing on this Earth
To be afraid of
The only truth we had
It's in our bodies

It's easy
Stay easy, stay lean

There ain't nothing on this Earth
To be afraid of
The only truth we had
It's in our bodies
