

# One More Chance

Bloc Party

Give me one more chance  
Give me one more chance  
Give me one more chance to love you  
Give me one more chance  
Give me one more chance  
Give me one more chance to love you

So open the door and calm down  
Can't you see that I'm trying

Don't say another word about the other boy  
Can't you see that I'm dying  
This time things will be different  
And you're gonna see  
This time things will be different  
And you're gonna see, see  
These hands will come around  
You'll love their touch again  
This time things will be different  
And you're gonna see, see

Give me one more chance  
Give me one more chance  
Give me one more chance to love you  
Give me one more chance  
Give me one more chance  
Give me one more chance to love you

So open the door and calm down  
Can't you see that I'm trying

Don't say another word about the other boy  
Can't you see that I'm dying  
This time things will be different  
And you're gonna see  
This time things will be different  
And you're gonna see, see  
These hands will come around  
You'll love their touch again  
This time things will be different  
And you're gonna see, see

Give me one more chance  
Give me one more chance  
Give me one more chance  
Give me one more chance  
Give me one more chance  
Give me one more chance to love you

This time things will be different  
And you're gonna see  
This time things will be different  
And you're gonna see, see  
These hands will come around  
You'll love their touch again  
This time things will be different
