BlocBoy JB

Hah, hah, hah
BlocBoy, BlocBoy
Yeah, word

Muhammed Ali
Float like a butterfly, sting like a beamer
Me and Lo 'round with a forty and a nina
Shawty walked past, girl I dig your demeanor
Now she got her hand and her mouth on my penis (she slurpin')
She the type to wipe it off fast like a cleaner
Hit her from the back, smack her ass, she a creamer (woo)
Say you want a jack, where is that when I see you?
Muhammed Ali you

I swear y'all niggas ain't worth it
Y'all niggas chicken like turkeys
You're not on the roster, y'all niggas imposters (word)
Who the fuck gave y'all them jerseys? (word word word)
I need the bag right now (right now)
I flip a stack right now (right now)
I told my niggas that we gonna make it
It ain't no turnin' back now (now)
Load up the fuckin' MAC now (yeah)
Bitch don't you see these big old four four bullets? (doon-doona-doona)
I call up Feezy right now (word)
If there's no witnesses, he gon' go pull it (that's on my mama)
Say you killer, you a pussy
Shootin' bullets without lookin'
Talkin' 'bout some purp and cookies
That's fake gas, call it whoopie cushion (gas)
Shit can get ugly like Whoopie pussy
Goldberg if a nigga want to be there
'Cause your bitch forehead up on my dick hair
Why you kissin' on her when you know what I been there
Ask for a three when I know that her friends there
She is a freak, call her score how I been there
These niggas chicken, remind me of tender
Think a nigga died how a nigga got in there
