The bright light shining in the mirror ball

She's dancing on the noisy stage
Look, it's slowly disappearing to somewhere

Hey baby, come closer to me
Send all your friends home

Hey baby hold my hand and come with me
The night is waiting for you

Can't stand it anymore
Only you can see my eyes
Girl dance tonight
Don't hesitate anymore
From now on
I'm not myself

I like the way you move stop
Where are you going girl, stop?
Don't dry, don't stop
I want your heart heart heart
