

Missile ++

Blonde Redhead

Abstract in your arms
As long as you invade all my time
As long as only you will hunger for my luv
Not any other luv

Surround me
All around me
As long as you make me
Colour me and you musn't pretend ... a number for my luv not any
other luv

Twice the time you act all wrong
Fetish sober hole I'm wise
Colour of your neck eyes soaked
Why you all day long

Or possess nothing else
Belong to no one hurt
No one else as long as you hold
On and hunger for my luv
Not any other luv

Missile me puncture me
As long as you weave me
Into your day as long as remain ...
