

# Kiss City

Blondshell

Kiss city  
Just look me in the eye when I'm about to finish  
Kiss city  
I think my kink is when you tell me that you think I'm pretty  
Did you expect something different?  
I bet she talks dirty like she's on a mission  
Momma, I'm adjacent to a lot of love

Palm in palm  
It turns me on  
When you tell me you're not going away  
Kiss city  
Just look me in the eye and I swear I'll listen  
Do what you wanna do  
And never let you leave the room

Kiss city  
Just look me in the eye I'm about to finish  
Kiss city  
I think my kink is when you tell me that you think I'm pretty  
Did you expect something different?  
I bet she talks dirty like she's on a mission  
Momma, I'm adjacent to a lot of love  
Kiss city
