

## Mother Dear

## Blood for Blood

Here I am  
I am a monster but I was made  
Here I stand  
I am a beast that was born of pain  
Bred to hate in this world gone insane  
But now I'm here to stay  
and I live to spit in your face.

'Cause I am from the outside  
And I am everything that you despise.  
Bred to hate in your society's eyes, it's a society of lies  
And I live to spit in your face...

Mother dear,  
Look at your darling young one.  
Mother dear,  
Look at what I have become.  
Mother dear,  
I am you bastard disgrace.  
Mother dear,  
I will spit in your face.
