

Anti-Social Media

Blood On The Dance Floor

So, you hang with the group of friends to what?
Sit it to table with your phones up?
Seriously? You more concerned with the number of likes you have
Then makin' memories with the people right in front of you, wow

Anti-me and Anti-you
Lookin' on fleek but you dead inside
Anti-me and Anti-you
Fuck the internet and growing our lives
Losing all our motivation
We've become a zombie nation
Hiding behind filtered fun
Enjoy real life, don't be dumb!

I put the "fun" in funeral
Dead inside, but beautiful
Real feelin', no emoji
I'm on Tinder, you can blow me
Nothin' fickle [?] my shine
Get a hobby, site offline
Textual society, social zombies running free
Stop the apocalypse, [?] your thumbs, move your lips
Real world is full of shit
But enjoy real life, we happy people
Put your phone down, have some fun
Live your life before it's done
Double tap to kill that vibes
Zombie never feel alive!

Anti-me and Anti-you
Lookin' on fleek but you dead inside
Anti-me and Anti-you
Fuck the internet and growing our lives
Losing all our motivation
We've become a zombie nation
Hiding behind filtered fun
Enjoy real life, don't be dumb!

Scrollin' up, swipin' down
Oh, you're coming to my town?
DM me, I can't wait
You wanna see me masturbate
You hold up like it's illegal
Bitch [?]
A little cleavage, go have fun
Just click "Like" and bite your tongue
Go find some relationships
Save your dick pics for your chick
Take a screenshot, she should know
[?] I wanna joke
Nothin' I got more to say
You want my dick? You gotta pay!
Everyone is lame and fake
I'm signing off, I need a break

Anti-me and Anti-you
Lookin' on fleek but you dead inside

Anti-me and Anti-you
Fuck the internet and growing our lives
Losing all our motivation
We've become a zombie nation
Hiding behind filtered fun
Enjoy real life, don't be dumb!

The internet was supposed to connect us
Why are we so isolated?
The internet was supposed to connect us
Why are we so isolated?
The internet was supposed to connect us
Why are we so... Isolated?
Middle finger, flip me off
Screw them, we don't give a fuck
Stand for something, just believe
This world is nothin' death of me
Middle finger, flip me off
Screw them, we don't give a fuck
Stand for something, just believe
This world is nothin' death of me
Anti-me and Anti-you (This world is nothin' death of me)
Lookin' on fleek but you dead inside (Middle finger, trip me up)
Anti-me and Anti-you (This world is nothin' death of me)
Fuck the internet and grown up [?] (Middle finger, trip me up!)

Anti-me and Anti-you
Lookin' on fleek but you dead inside
Anti-me and Anti-you
Fuck the internet and growing our lives
Losing all our motivation
We've become a zombie nation
Hiding behind filtered fun
Enjoy real life, don't be dumb!
