

Death to Your Heart!

Blood On The Dance Floor

Uh uh uh uh uh uh
Uh uh uh uh uh
Uh uh uh uh uh uh
They got this gun,
To your head,
I've got,
Blood,
On these hands
I'll be your eternal never-ending,
I'll be the end of your beginning
I'm the battle to your every,
War,
I'm the first fist for,
Everything torn.
I've got no room in this heart,
Gonna tear you apart
Death to your heart!
And I'll rip it apart
You've come undone;
You're the weakest one
Death to your heart!
And I'll rip it apart
(rip it apart!)
You've come undone;
You're the weakest one
(you're the weakest one!)
Infected with,
Deception;
Destruction is my,
Obsession
I'll feed off your,
Sweet suffering.
Your confession is my,
Sweet crime

You've filled me up with your lies.
Thought I knew you,
Deep inside.
So when I take this razor to your neck,
I'll cut out all your fucking regrets!
I've got no room in this heart,
Gonna tear you apart
Death to your heart!
And I'll rip it apart
You've come undone;
You're the weakest one
Death to your heart!
And I'll rip it apart
(rip it apart)
You've come undone;
You're the weakest one
(you're the weakest one!)

I'm tearing apart,
What is left,
Your blood;
I want I taste.

Here I am,
In the flesh.
Look your killer,
In the face.
Hahaha,
Hehehe
What a pretty little sight:
Now you're gone,
It's too late;
We will never be the same

Death,
To your little,
Precious,
Heart
This is the scene,
Where you depart.
No one will hear,
Your final words;
I'm a life taker,
I'm a heart breaker
Death to your heart!
And I'll rip it apart
You've come undone;
You're the weakest one
Death to your heart!
And I'll rip it apart
(rip it apart!)
You've come undone;
You're the weakest one
(you're the weakest one!)

Uh uh uh uh
Uh uh uh uh uh uh uhh
