Blood On The Dance Floor

[Intro: Dahvie Vanity]
You're ready?
Let's go
I got two words to you
I'm Batman

[Verse 1: Dahvie Vanity]
To the felt womb
We ain't fuckin' around
Death Squad loud
Fuck them up and shut them down
Bring it all, set me up
Ride with your demons up
A better bust a nut
Right up in this bitch right now
taste of chaos
Rollin' Thunderdome, bitch
Trippin' like a re-up
Bring it like some dope shit
Death Squad! Kick your ass
Death Squad! Kick your face
Death Squad! Kick your balls into outer space

[Chorus: Fallon Vendetta]

On fractions we can shine
Look at [?], no gravity
No more faults left to see
