## Blood On The Dance Floor

"Our problems are man-made – therefore, they can be solved by man. And man can be as big as he wants. No problem of human destiny is beyond human beings . Man's reason and spirit have often solved the seemingly unsolvable"

Are we too evolve  
Are we too far gone?  
Are we too lost innocent  
To fix where we went wrong  
Narcissistic, egotistic  
Superficial, race bigots  
f\*ck your hatred  
f\*ck racism  
I believe in one race  
That's a human race

The pinnacle vision of [?]

Watch it all settle down  
Until they touch shit  
We must be the change we wish to see

Make some noise!  
Slam corruption!  
Make some voice!  
f\*ck the system!  
See through lies  
Be some man!  
Play your war-games in the sand  
And take a stand  
Make some noise!  
Slam corruption!  
Make some voice!  
f\*ck the system!  
See through lies  
Be some man!  
Play your war-games in the sand  
And take a stand

If you don't stand for something  
You're fall for anything  
If you don't stand for something  
You're fall for anything

"And we believe they can do it again  
And if we cannot now end our differences, at least we can help make the world safe for diversity."

Misplaced judgment, all the hate  
Stay divided, we'll never learn

Come together for the love  
Stay united, we evolve (For the love)  
The human race (Race)  
United as one (One)  
Do you catch it now?  
The time has come
