

Ghosting

Blood On The Dance Floor

Go go go ghosting
Go go go ghosting
Go go go ghosting
Go go go ghosting

Oh you just got the feelings
Baby I gotta go
I got no time for love
I just wanna get my dick sucked
I'm ghosting Audi 5000
All that pussy I'll be drowning
Its going down in the DMS
And going up in my pants
Lemme get a Pikachu
Squirt on your jigglypuffs
I wanna beat it, fuck it, suck it
Til I bust a nut
And when I get it off
I wanna get some more
You're interchangeable
Onto my next whore

I wanna see your boobies
Go ahead and take it off
I wanna see you naked
So we can have some fun
We live such fragile lives
No one has to know
I'll keep my little secret
No screen shots on my phone

Life's more fun when you live in the moment
Send me a nude, send me some enjoyment
Oh you got the feelings
I've got no time for love
You can call it ghosting
I'm just down to fuck

Down down down down down down down down down down I'm down to fuck
Down down down down down down down down down down I'm down to fuck

Guess you can call me Casper
You just wont call me boo
My plan to hit it quit it
Fuck you then I'm through
Oh you though you were special
I think your really dumb
You wanna say I love you
I wanna make you cum
DTF lets get right on that
Play a game I'll give you some
Screen shots of your credit card
Pussy pics are premi-yum
No you cant be my side bitch
That's what all my friends are for
Abra cadabra poof I'm out
You're a toy and nothing more

I wanna see your boobies
Go ahead and take it off

So we can have some fun
We live such fragile lives
