

I Am Not in Love Anymore

Blood On The Dance Floor

I know that something's changed
I see it in your eyes
I try to hear you out
But all you speak is lies

Your touch had faded now
I feel our love has died
I'll finally breathe again
And leave this all behind

I am not in love anymore
Our feelings had faded and has fallen to the floor
I am not in love anymore
My heart has decayed, it's too complicated
I am not in love anymore
Our feelings had faded and has fallen to the floor
I am not in love anymore
My heart has decayed it's too complicated

Where do we go from here
Our love is at an end
Go back to who I was
Before this all began

But now you're just a ghost
Just memories in my head
And I'm not missing you
When I'm alone in bed

I am not in love anymore
Our feelings had faded and has fallen to the floor
I am not in love anymore
My heart has decayed, it's too complicated
I am not in love anymore
Our feelings had faded and has fallen to the floor
I am not in love anymore
My heart has decayed it's too complicated

(It's better to break your heart by leaving
Rather than have that person break your heart, everyday you're with them
Everyday you're with them)

I'm not in love
I'm not in love
I'm not in love
I'm not in love

I am not in love anymore
Our feelings had faded and has fallen to the floor
I am not in love anymore
My heart has decayed, it's too complicated
I am not in love anymore
Our feelings had faded and has fallen to the floor
I am not in love anymore
My heart has decayed it's too complicated

I am not in love anymore

I am not in love anymore
I am not in love anymore
