

Lovestruck

Blood On The Dance Floor

You are my everything
You taught me how to sing
You took a chance on me
Opened my heart to see

You have the golden key
That simply sets me free
You are my only hope
The one I need the most

You are my light in dark
The ever-shining spark
You are my other half
You always make me laugh

You are my dearest friend
Forever until the end
We're simply meant to be
For it is plain to see

(Fallin, fallin, fallin, fallin, fallin, fallin, fa-a-a-all)

I'm so in love with you
I'm lovestruck
And all the things you do
I'm lovestruck
I know you can break through
I'm lovestruck
I'm the servant from hell
One day, you can't cast your spell
I'm so in love with you
I'm lovestruck
And all the things you do
I'm lovestruck
I know you can break through
I'm lovestruck
La-la-la-la, la-la-la-la

I can't see myself without you
Now that I've had a taste
Every time I close my eyes
I feel your lips, I see your face
I'm taking back every hateful thing
I ever said about love
I realize I need it
And baby, you're the one
I only smile when I'm with you
I spend all day missing you
I'm lovestruck, in your head
Every thought, every breath
You've turned this boy
Into a man
I promise I'll love you like no one can
Here we are, hand-in-hand
My dream came true
Now I'm your man

(Fallin, fallin, fallin, fallin, fallin, fallin, fa-a-a-all)

I'm so in love with you
I'm lovestruck
And all the things you do
I'm lovestruck
I know you can break through
I'm lovestruck
I'm the servant from hell
One day, you can't cast your spell
I'm so in love with you
I'm lovestruck
And all the things you do
I'm lovestruck
I know you can break through
I'm lovestruck
La-la-la-la, la-la-la-la

I want to scream into this world
That you are my one only girl
I was a fool and jaded too
Before I fell in love with you

So in love with you, So in love with you
I'm falling, I'm falling, I'm falling in love

I'm so in love with you
I'm lovestruck
And all the things you do
I'm lovestruck
I know you can break through
I'm lovestruck
I'm the servant from hell
One day, you can't cast your spell
I'm so in love with you
I'm lovestruck
And all the things you do
I'm lovestruck
I know you can break through
I'm lovestruck
La-la-la-la, la-la-la-la

Cupid caught me when I let down my guard
Who know it was so great? Who know I'd fall this hard?
We can run away, and never look back
Forget about our past, The future's what we have
