

# Modern World Christ (Reborn)

## Blood On The Dance Floor

Blow my ego  
Super sizre  
Loved by many  
An often despised  
On display  
For all to see  
Nail me to your crucifix  
Got a void inside my chest  
That all your likes  
Can never fix  
I will burn  
Before I fade  
Original gangsta  
Never remade

Thank you for your tragedy  
I'll use it for my art  
The worst crime to commit  
Is faking who you are  
If my eyes  
Showed my soul  
Than everyone  
Would start to cry  
I don't fake it  
To make it  
I'd rather die  
Than live a lie

As I grow stronger  
My voice gets louder  
Your shit gets weaker  
As I stomp you with my sneakers  
I am the modern world christ  
Let my words eat you alive

Radical  
Like science fiction  
I'm just hanging for your sins  
Last supper at my party  
Enemies are just your friends  
Managers!? Snakes that are disguised as a Scam artist  
Groupies!? They Just wanna suck your dick to gain status  
You cannot imagine  
The immensity  
Of the fucks I do not give  
All you people run your mouth  
But you ain't perfect bitch

Thank you for your tragedy  
I'll use it for my art  
The worst crime to commit  
Is faking who you are  
If my eyes  
Showed my soul  
Than everyone  
Would start to cry

Than live a lie

As I grow stronger

I am the modern world christ  
Let my words eat you alive  
As I grow stronger
