

Mosh & Roll!

Blood On The Dance Floor

[Intro: Dahvie Vanity]

Haha, we're back!
BOTDF, rep, rep
Slash Gash Terror Crew
407, where you at?

[Verse 1: Dahvie Vanity]

When I step up in the club
Everybody show me love
When I step up in the club
Music is my favorite drug
I'm in the business of terror!
More metal than Slayer
I got money and hoes
In different area codes
'Cause haters make me famous
But love will make you shameless
So do your thing and get your bling
I'll slash, gash this party bash
Gotta get that money cash
Up in down with no breaks
We as in, I'll make you shake

[Pre-Chorus: Dahvie Vanity]

Mmm, baby
I gotta get that play
Girl, I like the you sway
Ah, ah, we do it everyday
Mmm, baby
I gotta get that play
Girl, I like the you sway
Ah, ah, we do it everyday

[Chorus: Dahvie Vanity & Garrett Ecstasy]

We're gonna mosh!
We're gonna roll!
We're gonna mosh!
We're gonna roll!
We're gonna mosh!
We're gonna roll!
Stop, drop, mosh and roll
Everybody lose control
We're gonna shake it up (We're gonna mosh!)
Up and down (We're gonna roll!)
We're gonna burn this town (We're gonna mosh!)
To the ground (We're gonna roll!)
We're gonna shake it up (We're gonna mosh!)
Up and down (We're gonna roll!)
We're gonna burn this town (Stop, drop, mosh and roll)
To the ground (Everybody lose control)
We're gonna

[Post-Chorus: Dahvie Vanity]

I'm not a trend sweater
I'm a trend setter

[Verse 2: Dahvie Vanity]

Girl, you better pop an umbrella 'cause
You're making me wet, drip, drip
I gotta get that lick
For the center of the tootsie pop
You know I can't stop
Yeah, yeah, you know how I drop
This beat is so hot
When I'm riding on top
More roar, hardcore
Will bring it once more
There's Blood On The Dance Floor
Will bring it once more
Shank you with my bling brass
Stacking up on my money cash

[Pre-Chorus: Dahvie Vanity]

Mmm, baby
I gotta get that play
Girl, I like the you sway
Ah, ah, we do it everyday
Mmm, baby
I gotta get that play
Girl, I like the you sway
Ah, ah, we do it everyday

[Chorus: Dahvie Vanity & Garrett Ecstasy]

We're gonna mosh!
We're gonna roll!
We're gonna mosh!
We're gonna roll!
We're gonna mosh!
We're gonna roll!
Stop, drop, mosh and roll
Everybody lose control
We're gonna shake it up (We're gonna mosh!)
Up and down (We're gonna roll!)
We're gonna burn this town (We're gonna mosh!)
To the ground (We're gonna roll!)
We're gonna shake it up (We're gonna mosh!)
Up and down (We're gonna roll!)
We're gonna burn this town (Stop, drop, mosh and roll)
To the ground (Everybody lose control)
We're gonna

[Bridge: Dahvie Vanity & Garrett Ecstasy]

Got my homies to my right
My ladies to my left
We can't stop until you feel
This in the center of your chest
You best represent
Up and down
Your neighborhood
Everybody feeling good
Homies to my right
My ladies to my left
We can't stop until you feel
This in the center of your chest
You best represent
Up and down
Your neighborhood
Everybody feeling good
Everybody feeling good!
Everybody, everybody!

Everybody feeling good!
Everybody, everybody!
Everybody feeling good!
Everybody, everybody!
Stop, drop, mosh and roll (Everybody feeling good!)
Everybody lose control (Everybody, everybody!)

[Chorus: Dahvie Vanity & Garrett Ecstasy]
We're gonna shake it up (We're gonna mosh!)
Up and down (We're gonna roll!)
We're gonna burn this town (We're gonna mosh!)
To the ground (We're gonna roll!)
We're gonna shake it up (We're gonna mosh!)
Up and down (We're gonna roll!)
We're gonna burn this town (Stop, drop, mosh and roll)
To the ground (Everybody lose control)
We're gonna shake it up (We're gonna mosh!)
Up and down (We're gonna roll!)
We're gonna burn this town (We're gonna mosh!)
To the ground (We're gonna roll!)

Up and down (We're gonna roll!)
We're gonna burn this town (Stop, drop, mosh and roll)
To the ground (Everybody lose control)
