

Phone Home

Blood On The Dance Floor

I will never find escaping dreams
I will never find escaping dreams

Sky high, set free
Come back, find me
I'm lost and so alone
An alien trying to phone home

Demon, I'm not
Turn back the clock
I'm front in your heart
An alien among the stars

I will never find escaping dreams
So phone home and find me
I will never find escaping dreams
So phone home and find me
Home is where you are
Bring me close, you're too far
Home is where you are
Bring me close, you're too far

Sky high, set free
Come back, find me
I'm lost and so alone
An alien trying to phone home

I will never find escaping dreams
So phone home and find me
I will never find escaping dreams
So phone home and find me
Home is where you are
Bring me close, you're too far
Home is where you are
Bring me close, you're too far

Phone home, find me
In a different galaxy
Phone home, find me
In a different galaxy
Phone home, find me
In a different galaxy
Phone home, find me
In a different galaxy

Phone home, find me
In a different galaxy
Phone home, find me
In a different galaxy
Y tu eres bueno
Para mi corazon
Y tu eres bueno
Para mi corazon

I will never find escaping dreams
So phone home and find me
I will never find escaping dreams

So phone home and find me
Home is where you are
Bring me close, you're too far
Home is where you are
Bring me close, you're too far
