

## Promises

### Blood On The Dance Floor

Bet you didn't think I'd bounce back so fast  
You'd probably thought you'd see the last of me  
Bet you didn't think I'd learn from my past  
You'd probably thought I was too weak  
Sorry about your luck but that's just tough love  
Do you ever think that you will ever get enough?  
You used to have me at your every beg and plead  
Now I'm not even looking, when you don't exist to me

There's nothing you can do  
There's nothing you can say  
That will make you win  
There's nothing you can do  
There's nothing you can say  
For me to given in

These promises were made to be broken  
And these words have yet to be spoken  
But you already know the truth that I won't be here for you  
These promises were made to be broken

You always love to see me with my head down  
You never thought I'd stand up to you  
Well baby what comes around, comes around  
Don't you deserve what's coming to you  
All I wanted from you was the truth  
But I guess I was asking too much from you  
All I gave to you was love and honesty  
Now I'm not even looking, when you don't exist to me

There's nothing you can do  
There's nothing you can say  
That will make you win  
There's nothing you can do  
There's nothing you can say  
For me to given in

We rise, we fall  
We've been through it all  
And now I'm better off  
We live, we die  
So we better be wise  
Or it's your loss

Wondering how this was gonna end  
Wondering if I'll ever love again  
Spent too many days letting things you say  
Get to the best of me, yeah yeah yeah  
None of that matters now  
You can't bring me down finally free

These promises were made to be broken  
And these words have yet to be spoken  
But you already know the truth that I won't be here for you  
These promises were made to be broken
