

Reign Of Terror

Blood On The Dance Floor

Le shock!
I'm energized like a nine volt
Le shock!
Snake eyes that are ice cold
Le shock!
Got a hunger for your blood
Le shock!
I'm awakened by the moon

Feel the fury from the shadows
Feel the fury of my rage
I'm high off the adrenaline
Free my heart from this cage!

Hell ya!
Yo we ride like lightening
And we crash like thunder
We're the reign of terror
Shocking and frightening
Yo we ride like lightening
And we crash like thunder
We're the reign of terror
Shocking and frightening

Le shock!
Le shock!

Le shock!
I'm blessed with beauty and rage
Le shock!
And nothing can stop me now

Feel the fury from the shadows
Feel the fury of my rage
I'm high off the adrenaline
Free my heart from this cage!

Yo we ride like lightening
And we crash like thunder
We're the reign of terror
Shocking and frightening
Yo we ride like lightening
And we crash like thunder
We're the reign of terror
Shocking and frightening

Hearts are wild creatures
That's why are ribs are cages
I'll slit your neck wide open
Just for my entertainment
Hearts are wild creatures
That's why are ribs are cages
I'll slit your neck wide open
Just for my entertainment

Yo we ride like lightening
And we crash like thunder

We're the reign of terror
Shocking and frightening
Yo we ride like lightening
And we crash like thunder
We're the reign of terror
Shocking and frightening
