

The Coffee Song

Blood On The Dance Floor

But first
Coffee!
Double espresso
Now I'm get naughty
The force not awake
More coffee I need
I love it extra dark
Gimme my black bean

Grab my survival juice
So I can wake up
Coffee's like my friend
Happiness in a cup
Gimme, gimme double shots
Gimme, gimme cocoa puffs
Gimme, gimme coffee
And no one will get hurt!

Coffee how you speak to me?
Your beaury dark, you set me free
The macaroni to my cheese
You're all I see and all I need
Oh my God, how I come to life
When I have you right by side
Coffee it's the strongest form of magic
(I need my coffee!)

I would do some sketchy stuff
For a hot delicious cup
To lift me up, right off the ground
I drink my coffee when I am down
I would do some sketchy stuff
For a hot delicious cup
To lift me up, right off the ground
I drink my coffee when I am down

Hello darkness, my old friend
Decaffeinated coffee, you mean bitch tea
Like Smeagol!
"My coffee is my precious!"
Hold the sugar baby, your sweet enough for me

Grab my survival juice
So I can wake up
Coffee's like my friend
Happiness in a cup
Gimme, gimme double shots
Gimme, gimme cocoa puffs
Gimme, gimme coffee
And no one will get hurt!

Coffee how you speak to me?
Your beauty dark, you ser me free
The macaroni to my cheese
You're all I see and all I need
Oh my God, how I come to life
When I have you right by side
Coffee it's the strongest form of magic

(I need my coffee!)
I would do some sketchy stuff
For a hot delicious cup
To lift me up, right off the ground
I drink my coffee when I am down
I would do some sketchy stuff
For a hot delicious cup
To lift me up, right off the ground
I drink my coffee when I am down

Arabica dabra, espresso patronum
Roast like a barisa
Fresh press and I own ya
If you're not shaking
Then you need another cup
Got the case of the Mondays
Then shut the fuck up!
Arabica dabra, espresso patronum
Roast like a barisa
Fresh press and I own ya
If you're not shaking
Then you need another cup
Got the case of the Mondays
Then shut the fuck up!
Give me death!
Give me death!
Give me death!
Before decaf!
Give me death!
Give me death!
Give me death!
Before decaf!
Give me death!
Give me death!
Give me death!
Before decaf!
Give me death!
Give me death!
Give me death!
Before decaf!
Give me death!
Give me death!
Give me death!
Before decaf!

A coffee a day, keeps the grumpy away
A coffee a day, keeps the grumpy away
A coffee a day, keeps the grumpy away
A coffee a day, keeps the grumpy away
Coffee!
