

The Runaways

Blood On The Dance Floor

[Verse 1: Dahvie Vanity]

Summer love
We were young, filled with imaginationn
Heaven above
When I stared at you fascination
We said goodbye to the rules
Where the cool kids what gonna do, what we wanna do
With a pocket full of dreams
We wore our hearts on our sleeves

[Chorus: Fallon Vendetta]

Take my hand
We don't need a plan
We'll run away
Let's run away forever
one and the same
The rules come in place
We can run away
Just we know we're together

[Verse 2: Fallon Vendetta]

Shine like the sun
And we sit and fun, yeah
Everyday was like vacation
They couldn't tell us mostly where we couldn't go
Your heart was my destination
There's magic in the stars
And if we wish real hard
Our dreams will come together
Never be afraid
I'll catch you if you fall
Or we can jump together

[Chorus: Fallon Vendetta]

Take my hand
We don't need a plan
We'll run away
Let's run away forever
[?] one and the same
The rules come in place
We can run away
Just we know we're together

[Verse 3: Dahvie Vanity]

You, you my boo
Always keep it fairly true
Always by my side
Through thick and thin
Never let just anybody in
Like Pokemon, I choose you
You can be my Pikachu
Love deeper than the ocean blue
Ride or die, we stuck like glue

[Verse 4: Fallon Vendetta]

Got me stuck, stuck like glue
Young forever, Deja Vu

Feelin' like I'm in a dream
There's ain't nothing we can't do
Will our story be never ending
Captain Hook without pretending
I rewind back to the future
Royal summer, eyes on [?]

[Chorus: Fallon Vendetta]
Take my hand
We don't need a plan
We'll run away
Let's run away forever
[?] one and the same
The rules come in place
We can run away
Just we know we're together
