

## Charcoal Baby

## Blood Orange

When you wake up  
It's not the first thing that you wanna know  
Can you still count  
All of the reasons that you're not alone?  
When you wake up  
It's not the first thing that you wanna know  
Can you still count  
All of the reasons that you're not alone?

No one wants to be the odd one out at times  
No one wants to be the negro swan  
Can you break sometimes?  
Can you break sometimes? (sometimes, ooh)  
Charcoal make it start and make me liked at times  
Look me down at queens all of the world  
Can you break sometimes?  
Can you break sometimes? (sometimes)

(Can you break sometimes?)  
No one, no one  
(Can she break sometimes?)  
No one, no one  
(Can you break sometimes?)  
No one, no one  
(Can she break sometimes?)  
No one, no, no one

Can you break sometimes?  
Can you break sometimes?  
Can you break sometimes?  
Can you break sometimes?
