

S'cooled

Blood Orange

As you see, I'm not alone
We were left inside this hole
Set the sun an open session of me
In the west
Losing all my friends for sure
We were left inside this hole
Nevermind, I'm done
That's enough of me out there

As you see, I'm not alone
We were left inside this hole
Set the sun an open session of me
In the west
Losing all my friends for sure
We were left inside this hole
Nevermind, I'm done
That's enough of me out there
