

## Tuesday Feeling (Choose to Stay)

Blood Orange

Take it or leave it, it's what you're owed  
Not okay, uh  
He could make you think you're someone else  
Headaches, always, always, uh

Something to hold onto  
While you change all you do for a place  
Yeah, uh  
Take it or leave it, it's what you're owed  
Not okay, uh, uh, uh

Choose to ignore blues  
Something to get in your way, uh  
You choose to stay (You choose to stay)  
You choose to stay (Oh)

Nauseas and feeling so weak  
Can't smoke if I do not eat  
Knees weak at 33  
Late nights, but don't text me  
Swallow, but want to scream  
I want the lifestyle for free

Choose to ignore blues  
Something to get in your way, uh  
You choose to stay (You choose to stay)  
You choose to stay (You choose to stay)  
You choose to stay (Oh)

I want the lifestyle for free  
I want the pussy for free  
An arm around me to grieve  
A sleep, without sweat and me  
My self doubts in a tweet  
My mood rests on coffee  
Try to understand me  
Try to understand me

Nauseas and feeling so weak  
Can't smoke if I do not eat  
Knees weak at 33  
Late nights, but don't text me  
Swallow, but want to scream  
I want the lifestyle for free
