Proliferated unto Hemophobia

Blood Red Throne

Carcinogenic flagellations,
The artwork ov the dead
Symbiotic incantations,
A dagger through its head
Vile, putridic accolades,
A yeast-infected brood
Carnovoric coagulations,
Stench invades the room

Bile embryonic carcinogens,
Coagulations combined
Heresy ov abominations,
Regurgitations intertwined
Inbred yolks of testosterone,
Ov puss-infested sores
Shit-eating hermaphrodites,
Tyrannical lair ov whores

Proliferated unto hemophobia,

Torture the new utopia
Bless the sacred shrine,
Devour the inbred swine
Proliferated unto hemophobia,
Torture the new utopia
Abort the lactose face,
Abolish the human race!

Haeomophobic ostrisisity,
Eyes waterfall swine

Aborted insimplicities,
Fermentated infected wine
Germophobic fantasies,
Abbohoric purple veins
Uremic swollen anus,
Hemmorodial bleeding pains

Estrigenocides in uterol,
Web of worm infested sacks
Embryonic eyes of freeks,
Peering through the cracks
Stretched bowels begging,
With razor needled tracks
Raw sewage covered feces,
Ostracize all the facts

Pathological surgeries,
Free body parts for all
Fanatical fascinations,
The calm before the fall
Severed heads and faces,
Seas ov blood to sail
Moronic human artifacts,
A retarded sense of fail

Carcinogen-leaden gases,

Smoke invades the air,
Hematologic Baltic vapors, moles covered in hair,

Blind euthanasia obstructs surgical Anastasia
Obstructs blind euthanasia
