## **Mouth of Empty Praise**

## **Bloodbath**

Cast into the lake of fire Gagged by blood A thousand deaths unwind Storming Perseverance is none Repenting not Mass decay of life Swarming

Call upon
Call on those we scorn
Raze their faith and feeble ways
Mute the son
Deliverance bygone
Mute the mouth of empty praise

Trapped inside a burning field Sheep of god
Followers who did not heed
The warning
Unblessing of the purity
Once the norm
Darkness holds the blasphemy
Swarming

Call upon
Call on those we scorn
Raze their faith and feeble ways
Mute the son
Deliverance bygone
Mute the mouth of empty praise

Insanity will reign supreme

Azazel Belial Abaddon Leviathan

Call upon
Call on those we scorn
Raze their faith and feeble ways
Mute the son
Deliverance bygone
Mute the mouth of empty praise
