

# Dragons Are Forever

**Bloodbound**

Flyin' high flyin' low  
Over mountains, ice and snow  
So astray in clouds of fear I fall  
In the blink of an eye  
In a lifetime passing by  
Far beyond the universe I know

Tears of a dragon  
Diamonds in the night  
Be my guide in the light

Dragons are forever  
They all stand together  
Cause dragons are forever  
The kingdom of heaven will burn

Give 'em hell give 'em pain  
I'm the fire and the rain  
Riders on the giant wings of fate  
I am lost in a maze  
In a dark and lonely place  
Far away an everlasting dream

Tears of a dragon  
Diamonds in the night  
Be my guide in the light

Dragons are forever  
They all stand together  
Cause dragons are forever  
The kingdom of heaven will burn

Seven demons of a world afar  
Time has come for true believers  
Light the sky set the world on fire

Dragons are forever  
They all stand together  
Cause dragons are forever  
The kingdom of heaven will burn
