

## Right Turn Clyde

### Bloodhound Gang

Times New Roman you know the type  
Calling me Public Enemy, but don't believe the hype  
Tough guy like the one in "Star 80" wanna bait me  
Hook line sinker now your lady wanna date me  
Gave your girl a little wink so you make a big stink  
Shoulder's got a chip so you flip like a Tiddlywink  
Know what I think? I think you might be Darwin's missing link  
Get all bent out of shape when the heat is on just like a Shrinky Dink  
Bet I can take a hint better than I can take a hit  
Completely incompatible though I'm a pussy and you're a dick  
How can you hold a grudge when you can't even hold a job?  
Should have known butter but you're not corn on the cob  
I choose to use a song for a weapon not a sword struck a chord  
If I wanted to see stars I'll watch the "Academy Awards"  
That's why I ran like a Flock Of Seagulls why make-  
up like Mary Kay?  
You must've given up on hair plugs 'cause now you're going toupee

All in all you're just another dick with no balls  
All in all you're just another dick with no balls

Mama said talk this out and resolve  
Don't wanna be involved so gimme a call when you evolve  
Doggy paddle to the shallow end of the gene pool  
Half with it half wit half finished high school  
Give you a piece of my mind but I know you want it splattered  
Heard you like your women like you like your shrimp you like 'em battered  
Wife beater perfectly fitting apparel  
Where's your brother Daryl? Where's your other brother Daryl?  
Givin' me that Macho Man Randy Savage stare  
Wanna snap into a Slim Jim break my limbs but do I care?  
No sorry I'm a lover not a fighter commit your crime  
I'll be glad to do your girlfriend, I'll be glad that you do time  
Here's the deal I cop a feel you cop a plea but get the maximum  
Now we both got records but the difference is mine's platinum  
Definitely showed this yellow bellied wimp limp in your cell now though alone  
When you're choking your chicken your chick will be choking on this chicken's bone

All in all you're just another dick with no balls  
All in all you're just another dick with no balls
