

Alone going someplace sometimes
It depends on just how you feel
You take me, ah, today you take me out drivin' so
I don't got a think how I feel

Yeah...
I hold your holy roses
Drip the plus my mind
Yeah
Gonna be a long september
Yeah, I think I'll need all of my life
Or just a goodbye

Yea, time waits for no one no where
Yeah boys stop dragging those heals
Oh! To late, a tonight I feel like I'm dying
and I can belive what I just saw

Yeah...
I hold your holy roses
Drip the plus my mind
Yeah
Gonna be a long september
Yeah, I think I'll need all of my life
Or just a goodbye

I wanna make it right.. (yeah)
I wanna make it right.. (oh)
I gotta see you again
Yea after all, we gave it our all...

Yeah...
I hold your holy roses
Drip the plus my mind
Yeah
Gonna be a long september
Yeah, I think I'll need all of my life
Or just a goodbye

Just a goodbye (Yeah, just a goodbye)
Just a goodbye (yeah, just a goodbye)
