

## Die Earthling Die

### Blodsucking Zombies from Outer Space

Die scum your hateful gaze  
Means nothing for me 'cause I keep you dazed  
The pain you feel is like orgasm for me  
Treat your dignity into dirt  
This deepest feeling does it hurt  
Suffering restarts my creativity  
Feel the blade, feel the blade, baby when it comes  
The time slows down its run

Die earthling die  
it's too late for you  
Die earthling die  
it's too late for you  
Die die die die  
it's too late for you  
Die earthling die

Your eyes fade, so shocked  
Your body numbs, your wimpers block  
The bloody human life is so contemptuous  
Give it up, don't weep  
I'm hungry and you're what I need  
The large eats the little, that's the way it is  
My demon nature so creedy again  
Your blood tastes like champain

Die earthling die  
it's too late for you  
Die earthling die  
it's too late for you  
Die die die die  
it's too late for you  
Die earthling die

Scream you goddamn bastard, let the world hear that you gonna die

Die earthling die  
it's too late for you  
Die earthling die  
it's too late for you  
Die die die die  
it's too late for you  
Die earthling die
