

I Wanna Hear You Scream

Bloodsucking Zombies from Outer Space

I wanna stalk you walking down the road
I know is out me, you can go
I wanna watch you while you sleep
and haunting you in your dreams

Cause it's you and only you I can't get out of my head

I creepy crawling like a slime out of your bed

I wanna hear you scream
I wanna hear you scream
Cus' When you scream
I know you're dreaming about me

I wanna hear you scream
I wanna hear you scream
Cus' When you scream
I know you're dreaming about me

Keep running fast keep running far
Traped in a nightmare thats where you are
No place to go no place to hide
please help me i know you will die

So sleep oh baby sleep
don't want to hear your wanna win
I wish you bad and dirt dreams that make you scream

I wanna hear you scream
I wanna hear you scream
Cus' when you scream
I know you're dreaming about me

I wanna hear you scream
I wanna hear you scream
Cus' when you scream
I know you're dreaming about me

I wanna hear you scream
I wanna hear you scream
Cus' when you scream
I know you're dreaming about me

I wanna hear you scream
