

Teardrops in Hell

Bloodsucking Zombies from Outer Space

I 've never tried to be a nice guy
I never wanted to be amiable or shy
Don't need your hand neither your smile
I'm the greatest motherfucker and i'm still alive

You will hate me until the day I die
You will laugh and sing when I say good-bye
But I fucked you on seven eleven

Teardrops in Heaven - fall into Hell
Sinister creatures can't exist prisoned in a cell
But it's not my fault i'm not to blame
For me I did it allright
When angels in heaven although devils in hell can cry

I'm a unprincipled bastard here's a piece of advice for free
You can never count on me
Don't believe in me i'm not your friend
I'm never loyal and if - I only pretend

You will hate me until the day I die
You will piss on my grave when I say good-bye
But I fucked you on seven eleven

Teardrops in Heaven - fall into Hell
Sinister creatures can't exist prisoned in a cell
But it's not my fault i'm not to blame
For me I did it allright
When angels in heaven although devils in hell can cry
