

Who Will Survive

Bloodsucking Zombies from Outer Space

What happened is true - here comes my simple song
That is just as real
The worlds most brutal and bizarre crimes
Committed by you, my dear
There is noone else than you, who's to blame
And noone else than me can feel the pain
Who will survive and what will be left of them
Your lovers a meathook and I'll die
If I keep hanging on

One by one wanders into
The murderous clutches of love
Like mosquitos to the light
Still knowing, that they will lose their lives
You cracked my heart how could I've been so wrong
And for sure I'm not the only one
Who will survive and what will be left of them
Your lovers a meathook and I'll die
If I keep hanging on
