

I Don't Like You

Bloody Civilian

(Bloody)

I don't fucking like you on a normal day
And, your people like to hype you
But, I no look their way
It's not like I hate you (you, you, ha)
It's just I don't like you
And, my mama sef no like you

You can call me puta
You can call me names
And, you can call me Lucifer
But, I can not relate
And, I never fucked with Abula
I never fucked with James
You can't come and give me hypertension all the same

I don't fucking like you
You can't come and kill me
I no fucking send you, really send
You can't come and kill me, in the end
You can't come and

I don't fucking like you
You always in my bed like I invited you
Who the fuck you lying to?
Go ahead and tell your friends that I'm the side dude, yeah
Move, watch out, ooh
Get out, wa', watch out
Wa', move, watch out, ooh
Get out, wa', watch out

I don't fucking like you
You can't come and kill me
I no fucking send you, really send
You can't come and kill me, in the end
