

(I'm) In Love Again

Blossom Dearie

I'm in love again
And the feeling's not new
Yes, I know the signs
And I know what to do

It's a highway
That I have traveled through before
So I know all the curves
And I've come back for more

I'm alive again
I can wake up and sing
Nothing bores me now
I enjoy everything

Here I go again
The way that I always do
'Cause I'm in love again
All over again with you

I'm alive again
I can wake up and sing
Nothing bores me now
I enjoy everything

Here I go again
The way that I always do
I'm in love again
All over again with you
