

Moonlight Saving Time

Blossom Dearie

There ought to be a moonlight saving time
So I could love that man of mine
Til the birdies wake and chime
Good morning!

There ought to be a law in clover time
To keep that moon out overtime
To keep each lover's lane in rhyme
Till dawning
You'd better hurry up hurry up hurry up
Get busy today
You'd better croon a tune croon a tune
To the man up in the moon
And here is what i say
There ought to be a moonlight saving time
So I could love that man of mine
Til the birdies wake and chime
Good morning!

Moonlight saving time
Moonlight saving time
Moonlight saving time
Moonlight saving time...
