

# Cool Like You

Blossoms

Cool like you  
To be or not to be, I feel my blues  
Cool like you  
Maybe it's me, I just need something brand new

'Cause I'm so tired of talking through you  
Uninspired  
Can't ever let it show  
Do what's required of you  
Always got me wired  
Don't think I'll ever

Know if I can leave when I want to  
'Cause there's so many things that I could say to upset you  
Maybe there's a way that I could be so that you knew  
How it really feels in the space where I won't be  
Cool like you

I won't sleep  
You fabricate the things that you say to me, their needs  
I can't keep  
Putting up the front to pretend I'm happy

'Cause I'm so tired of talking through you  
Uninspired  
Can't ever let it show  
Do what's required of you  
Always got me wired  
Don't think I'll ever

Know if I can leave when I want to  
'Cause there's so many things that I could say to upset you  
Maybe there's a way that I could be so that you knew  
How it really feels in the space where I won't be  
Cool like you

Don't be the one, won't be the one  
Don't be the one, won't be the one  
Don't be the one, won't be the one  
Don't be the one

If I can leave when I want to  
'Cause there's so many things that I could say to upset you  
Maybe there's a way that I could be so that you knew  
How it really feels in the space where I won't be  
Cool like you

If I can leave when I want to  
'Cause there's so many things that I could say to upset you  
Maybe there's a way that I could be so that you knew  
How it really feels in the space where I won't be  
Cool like you
