

## How Long Will This Last?

Blossoms

Maybe there's a line that you crossed  
When you said my love was a lie  
People like you always want back  
What you gave them when it's through

When I think about it now  
I think it might be too late  
But if I see you out  
Well it could go two ways

Because I'm on sleepless nights  
In and out of love with you  
It's the last chance to catch this flight  
Upside down, you cut me loose in the past  
How long will this last?

I know I was wrong  
But I can't explain, I wrote down in a song  
People like me will lock you out  
And keep hold of the key

When I think about it now  
I think it might be too late  
But if I see you out  
Well it could go two ways

Because I'm on sleepless nights  
In and out of love with you  
It's the last chance to catch this flight  
Upside down, you cut me loose in the past  
How long will this last?

Because I'm on sleepless nights  
In and out of love with you  
It's the last chance to catch this flight  
Upside down, you cut me loose in the past  
How long will this last?  
How long will this last?  
How long will this last?  
How long will this last?
