

I'm I'm just in my zone
You'd be lying if you said I wasn't something that you're into, into (yeah)
Don't be stuntin' in front of your friends, you know what I'm into, into
Don't need to hide it, you could be mine let's take it slow
Man he's a hater, I'll let it slide, I came for you

When I was in a party it was on me
I remember it all, it was last week
When I stepped in it was half three
Hennessy did spill on your Jeans
Do you remember asking me what I'm into?
I replied "music baby, follow my Insta"
Show you what I'm into, deep's what I'm into
All of you two-faced friends, I've been true
You'd be lying if you said I wasn't something that you're into
(Just tell me the truth girl)
You lying to yourself, I told you my name is Tom
Been in and out girls, must know I'm the bomb
I've been dying for the chance to tell you I'm into you
(Just tell me the truth girl)
Tell me you like me (tell me you like me)
Tell me you want me, yeah, yeah!

Cause you'd be lying if you said I wasn't something that you're into, into (yeah)
Don't be stuntin' in front of your friends, you know what I'm into, into
Don't need to hide it, you could be mine let's take it slow
Man he's a hater, I'll let it slide, I came for you

Cause you'd be lying if you said I wasn't something you was into
Mama warned you about this shit too
Bet she did
Never been one for them to settle with
Cellophane, wrapping it up as soon as I get with it
Menacing, men have seen all the crud that I'm steppin' with
Celibate, what are these words? Not comprehending it
Ending it, mashing the works, that's where your belly get
Trembling, baby you ready, that's how I end 'em

You'd stuntin' in front of your friends, you know what I'm into
Call me domino, follow it, baby girl that's what your kid do
So won't you take a stroll with me, girl?
No stress off this, hold me girl
Cause I can make you scream (I can make you scream)
Just put your trust in me

Cause you'd be lying if you said I wasn't something that you're into
Don't be stuntin' in front of your friends, you know what I'm into
Don't need to hide it, you could be mine let's take it slow
Man he's a hater, I'll let it slide, I came for you
You'd be lying if you said I wasn't something that you're into, into
Don't be stuntin' in front of your friends, you know what I'm into, into
Don't need to hide it, you could be mine let's take it slow
Man he's a hater, I'll let it slide, I came for you
