

# I've Seen The Future

Blossoms

I was gonna stay on my own  
Finally I've come to my senses  
I can feel it back on the tone  
Maybe I forgot to mention  
I've been known to overthink life  
Spend the time painting my world blue  
Heard you're quite the romantic type  
Baby, I should just be more like you

'Cause I have seen the future  
It's you and me  
Girl, I don't wanna hurt you  
It's quite the opposite

Now I've got you locked in my mind  
Think about the first time you kissed me  
Yesterday we talked for some time  
And you tell me how much you miss me  
I think you're in a fall of some sort  
You could call it love if you want to  
Tell me how you feel, keep it short  
I don't think there's anything we can't do

'Cause I have seen the future  
It's you and me  
Girl, I don't wanna hurt you  
It's quite the opposite  
And I was built to please  
Upside-down and inside-out  
It's not like that's your piece  
Tell me that you want me, baby  
I might not agree  
The songs they spin for hours and  
I don't wanna leave  
I find it hard to think now

'Cause I have seen the future  
It's you and me  
Girl, I don't wanna hurt you  
It's quite the opposite  
'Cause I have seen the future  
It's you and me  
Girl, I don't wanna hurt you  
It's quite the opposite
