

To Do List

Blossoms

Take refuge in your bed
Until the tears dry
Don't listen to slow songs
They make you cry
Delete their number
Though it's memorised
On your fingertips
For the rest of your life

Don't look at old photos
To pass the time
It does you no favours
They will remind
You of a rose coloured view in your mind
Traces of someone you left behind

I was foolish
It's proven
Keep moving
To do list
After the breakup

Perfect the art of smiling on occasion
Their name is brought up in conversation
Nobody need know your palpitations
First things first self preservation

Remember whatever you do, do not call
I've been wondering why heartbreak's not taught
In school to warn us what we're in for
I'd of got myself a degree to be sure

I was foolish
It's proven
Keep moving
To do list
After the breakup, after the breakup

Might be a time and place
When it won't hurt to see your face
If I'd have never met you
I wouldn't know what I know now

Might be a time and place
When it won't hurt to see your face
If I'd have never met you
I wouldn't know what I know now

Might be a time and place
When it won't hurt to see your face
If I'd have never met you
I wouldn't know what I know now

I was foolish
It's proven
Keep moving
To do list

After the breakup
What is the price we pay for love
What is the price we pay for love

Assuming
There's a cupid
Well he's useless
To-do list
After the breakup
What is the price we pay for love
What is the price we pay for love
