so uh, you've got creamy kinda eyes  
pantry lips and party thighs  
let's see what  
see what those thousand island eyes can do for me  
you're milk  
milk on lemonade  
sit and curdle in the shade  
cuz who needs fudge  
when you've got tiny cups of fudge you've got it made

and you be tawny leather seats  
i'll be the suv  
let's meet  
we'll get it out  
we'll get it on the road  
and make the traffic screech  
we'll do it in the automall  
you into me they will install  
and as you recline  
i'll know how much you know  
i'll know how much you're mine  
wanna go for a ride?
