I'm at the Planet Fitness, feel like Rick Ross, shoutout to all the pear

They was sarcastic, told me to break a leg, Kevin Ware

Bad bitches eatin' seafood, I bought the calamari  
Hop up in the 'yo, I'm in the booth, I had to call Amari  
Tomfoolery, don't throw a penny, you'll be extremely sorry  
He did a drive-by? His ass lyin', Country Safari

If she hop up in the whip, she'll be a whole lot of fun  
She gon' make that ass clap, I'm talkin' hot cross buns  
We got every lick back, I'm talkin' long-lost funds

I got bars like Lil Wayne, but I'm still totin' flame  
I overcame the obstacles and never once did I complain  
And they was hatin' on my name, now they wanna be Dreidel Gang  
I'll let this chopper eat, I named it Anthony Bourdain

Cuttin' up, but I ain't emo, forties hot, jalapeños  
Them boys corny, you played and you lays, Fritos  
Fake, incognito, I got the keys in Key Largo  
I'm in Tampa, now the hoes scream my name, Sean Malto

I ain't shootin' up no house, jit, I'm runnin' through a castle  
That's a bag on your head, tell the opps to start a raffle  
I'll point the flash at him, and even he won't grab an apple  
He ain't make the right decision when he heard that thing rattle

They say Kim'll fuck, go hit her with no jimmy, I ain't evil though  
The truth is, I don't stoop down to a level if it's down below  
I'm gettin' rich, but I still keep a rod, he got expensive poles  
And I'm on beat ridin' the Metrorail, I call it metronome (Dreidel man, wate

When you go up, they try to shoot you (ayy)  
You got money, you got clout, they salute you  
Booty-shakin' opps in a tutu  
I upped it on him, he got quick feet, I left a mark, Suciú
